

Supplementary COVID-19 Risk Assessment for re-opening Sheepscombe Village Hall

This document outlines the additional risk management measures to be taken to protect everyone entering the Sheepscombe Village Hall premises and grounds during the COVID-19 pandemic. These measures supplement the standard Sheepscombe Village Hall risk assessment.

The overall aim of the additional risk management measures is to minimise the likelihood that reasonable use of the village hall during the current phase of the pandemic contributes to the further spread of the COVID-19 virus. The measures adopted fall into four categories:

1. measures to support HMG's track and trace processes
2. measures to support and encourage personal hygiene on site
3. measures to maintain social distancing on site
4. measures to minimise contact with contaminated surfaces on site

The contents of this document have been agreed by the Sheepscombe Village Hall Trustees and will be updated from time to time as new information becomes available or government advice changes.

Sheepscombe Village Hall Trustees

August 2020

What are the hazards?	Who might be harmed and how?	Actions to mitigate risk
Spreading COVID-19 by not supporting HMG track and trace measures	Secondary contact eg. people in contact with hall users following evidence of a possible transmission event on hall premises	<ul style="list-style-type: none"> - Keep records of hall usage so that Trustees/Volunteers at greater risk can be identified if necessary. - Require users/hirers of hall to make a record of those in attendance, including contact details, and keep for one month.
Getting or spreading coronavirus by people on site not washing hands or not washing them adequately	Village Hall Trustees Volunteers Users Visitors Contractors	<ul style="list-style-type: none"> - Provide water, soap and drying facilities (disposable paper towels) in toilets and kitchen - Provide hand sanitiser at entrance to hall and the exit - Include reminder of the importance of hand-washing in COVID-19 hall user guidelines - Put signs up to remind people to wash their hands thoroughly/use hand sanitiser - Ensure washing/sanitising facilities are checked regularly
Getting or spreading COVID-19 in common-use areas of the site via direct person-to-person transmission.	Village Hall Trustees Volunteers Users Visitors Contractors	<p>General measures to maintain social distancing:</p> <ul style="list-style-type: none"> - Stay-at-home-if-unwell notice at entrance to hall - Limit events at the hall to maximum of one per day - Limit total no. of people permitted at events in the hall (limit will vary with event type). - Booking in advance required for events that could otherwise exceed maximum numbers permitted. - The equivalent of two-seat gaps required between individuals or household groups for seated events – or 1 metre if mitigating measures used (eg face masks) - Require hall users to ensure good ventilation to communal areas eg. open windows whenever possible - Hall users instructed to isolate someone displaying COVID-19 symptoms on site into the disabled toilet until they can leave. The disabled toilet has hand-washing facilities.
